ON TOP SINCE 1967

You're arriving to the Motor Temple in Spain,
the mythical Jarama Circuit.

From its access tunnel you will begin to feel
that you are entering a very special place, a
place passed through by the best drivers in
history, witness of incredible performances
and memorable races, cradle of the greatest
figures in Spanish motor sport.

Now, our legend is at your company's disposal
to organize corporate events fully customized to
fit your company values and strategic objectives.

1 HISTORY

2 NOWADAYS

The Jarama Circuit was built from 1964 to 1966 and was officially opened on July the 1st 1967, becoming the first permanent track of its kind in Spain, in fact the only one for twenty years.

In this same year the legendary Jim Clark won the Formula 2 race held at Jarama.

Jarama hosted the first Formula 1 Grand Prix races of the modern era to be held in Spain, witnessed the birth of a whole generation of drivers and riders and has been moulded by the greatest racing names. Jim Clark, Graham Hill, Jackie Stewart, Jacky Ickx, Jochen Rindt, Emerson Fittipaldi, Niki Lauda, Mario Andretti, Gilles Villeneuve, Nelson Piquet, Angel Nieto, Giacomo Agostini, Ricardo Tormo, Phil Read, Freddie Spencer, Eddie Lawson or Jorge Martínez Aspar gave only their best on this circuit for the enjoyment of thousands of enthusiasts.

1 HISTORY

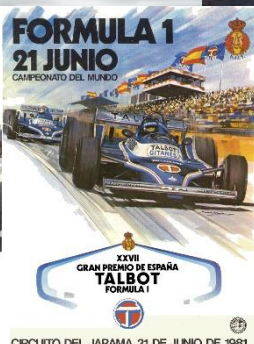

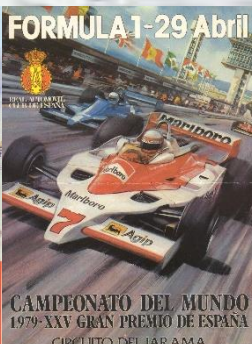

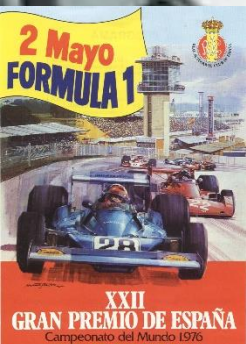

All kinds of races have been held at Jarama: Formula 1, Formula 2, Formula 3.000, Formula 3, rounds of the European Le Mans Series, The Sport Prototypes World Championship, Motorcycling Grand Prix World Championship races and Superbike World Championships, National, European and World Championship Touring Car races, Inter-series, early stages of the European Rally, resistance races - for both cars and motorcycles, European Truck races and a large number of mono-make competitions both Spanish and European.

The Jarama Circuit is owned by The Royal Automobile Club, Spain (RACE) and its layout was remodelled to its present condition in 1990 and totally re-asphalted in 2018

JARAMA PADDOCK CONVENTION CENTER

- Since 2012, RACE has invested steadily in improving infrastructures and facilities, directing the Jarama Circuit - RACE not only to the world of Motorsport and Training, but also to the Leisure and Events brands, creating a Convention Center which has nine rooms of different capacities and characteristics, divided into three buildings and which, together with the outdoor spaces, add up to more than 6,000m² for events.
- The creation of this new venue for events complements the offer of services and facilities that the Jarama Circuit - RACE already had.

CIRCUITO DEL JARAMA-RACE NOWADAYS

The Jarama-RACE Circuit is today a multifunctional facility that annually hosts more than 350 events by companies and institutions from various economic sectors, which represents 98% occupancy of its facilities. In addition, it offers training at its RACE Driving School to more than 15,000 assistants each year.

All this, thanks to the renewal of its facilities and new equipment, among which the Jarama Paddock Club Complex stands out, a complete Convention Center that, currently, has three new buildings and more than 6,000m² of modern infrastructures for the celebration of all kinds of events.

CONNECTED WITH THE WORLD

The Jarama Circuit - RACE has a privileged location as it is just a few kilometers from the city of Madrid, capital of Spain. This allows you to reach the Circuit from the center of Madrid in just 20 minutes through the A-1 Highway.

International access for people is guaranteed through the Madrid - Barajas Adolfo Suarez Airport, which is just 20 km away.

Nearby are also the Atocha and Chamartín Train Stations that connect Madrid with the main provincial capitals of Spain by means of high-speed lines.

In addition to the communication facilities, Madrid's magnificent hotel, gastronomic, cultural and leisure offer is added, which guarantees the success of the event by choosing the Jarama Circuit - RACE as the venue.

COVID-19 FREE SPACE

The Circuito del Jarama - RACE maintains a firm commitment to guarantee its users and its employees a "Covid-19 Free" space. In order to carry out this important work, it has developed a strict protocol that allows the development of a safe activity.

In all activities and facilities, it is mandatory for all people: the use of a mask, hand disinfection and maintaining social distance. Furthermore, all employees are committed and trained to comply with established protocols.

The modern BUILDINGS, which have a ventilation system that allows the air to be renewed continuously, together with the daily disinfection of the facilities and the wide extension of outdoor surface, makes it the ideal place to hold an event or gather your guests in complete safety.
